EMPLOYER NOTICE: Employer Contributions During DROP

Employer,

Act 344 of the 2025 Regular Session amended Louisiana Revised Statute 11:2257 to allow an FRS member who has earned at least 28 years of service credit to elect to participate in the DROP program for a participation period of not more than 5 years. This Act also requires EMPLOYER contributions to be continued for members during their DROP participation period. Beginning April 1, 2026, employer contributions are required to be submitted for ALL members enrolled in DROP regardless of whether the member's participation period is 3 years or 5 years. These are only employer contributions; employee contributions are to be stopped on the first day of the members DROP participation. This will be required for April salary that is reported on the April report submitted in May.

If there are any questions, please contact our office at 225-925-4060 or frs@lafrs.org.
